The project “**PANforAMaR - Protected Areas Network for Adriatic Macro Region**” has been presented within the **2012 Call for Proposals** of the **Adriatic and Ionian Initiative Regional Cooperation Programme**. The historical richness of the Adriatic basin will attract the visitors interested in arts, monuments, museums (not only in the protected areas, but also in the surroundings). Thus, the need to improve the Green Tourism in a not seasonal tourism, with a better management of visitors in terms of sustainable tourism, is covered by the **PANforAMaR** project.

The project aim to create a cross border and cooperative dialogue tool as means of raising the economical practices of the Adriatic-Ionian States. This will take place by organising workshops with the wide participation of experts on nature and on cooperation, meetings where managers compare each-others, events with the participation of local population.

The project **PANforAMaR** was presented by the **MPA Torre del Cerrano** as the Lead Applicant of the project and was originated with the coordination of **AdriaPAN** network. **The project has been admitted and financed** in co-financing with the “AdriaPAN Secretariat” Project.
